There was a man in our town and he was wondrous wise. He jumped into a bramble bush and scratched out both his eyes. And when he saw his eyes were out, with all his might and main, he bought a bottle of Salvation Oil, and rubbed them in again.

TARIFF REFORM.

The Organization of a Western Association of Tariff Reform Democrats Advocated.

CHICAGO, Jan. 13.—At a meeting of the executive committee of the democratic central committee yesterday an organization of the Northwestern Association of Tariff Reform democrats was urgently advocated. It was announced that Illinois, Iowa, Wisconsin, Minnesota, Michigan, Kansas, Indiana and Missouri were fully prepared to join the movement of this nature and it was decided that each state should be represented by one state committeeman, to be hereafter selected, whose duty should be to collect and collate such information on the tariff question as would most thoroughly instruct the workingmen of the country upon this question.

OHIO REPUBLICANS FOR SHERMAN.

Ex-Congressman A. L. Conger, of Akron, Ohio, who is in the city, said: "Sherman will have the Ohio delegation solid and have it easily and without a contest. Blaine has always been very strong in our state and very popular and he has all his old friends, but at the state convention the matter was thoroughly talked over and the feeling, without exception, is that Sherman should have the delegation solid.

THE BLIZZARD

Of Last Night Was the Worst of the Season and Delays Travel.

The Weather.

WASHINGTON, January 13.—Indiana, colder, fair weather.

MINNEAPOLIS, Minn., Jan. 13.—The reports from all over the northwest indicate that the prevailing blizzard is the worst and most extended of the season. Its area is from the rockies to Lake Michigan, but Minnesota and Dakota are the worst sufferers. Between Minneapolis and Chicago trains are moving very slowly and way behind time. On the roads running west from here all the freights are abandoned and passenger trains run at long intervals. In Dakota the air is full of sand and snow, which makes it dangerous to venture out doors. Even the Short Line trains, between Minneapolis and St. Paul, are running with few cars and at irregular intervals. At Fargo the storm is the worst in eight years, with the mercury 47 degrees below zero and a hurricane blowing. At Meche, Dak., 53 below was reached this morning. The blizzard force is mostly spent.

BISMARCK, Dak., Jan. 13.—The wind last night was about was about forty miles per hour and the mercury 25 below and the wind intensly cold. The farmers in town dare not venture out. The trains will not reach here till next week. The city schools closed for several days. A Fergus Falls, Minn., special reports that no trains are expected until Sunday. All schools are closed. The mercury is 30 below and a heavy wind all night, causing mammoth drifts of snow.

CONGRESS.

The Proceedings of the Senate and House in Their Session To-day.

WASHINGTON, Jan. 13.—The bill to credit and pay to the several states and territories and the District of Columbia receipts of the tax of 1861, was taken up —question being on a verbal amendment, offered by Hoar. When the bill was up some days ago Sherman regarded the amendment as mere surplusage, and while he had no objections to it, he preferred to take the bill just as reported from the finance committee, as prepared some years ago by the first comptroller of the treasury. and as twice passed by the senate.

On motion of Mr. Riddleberger, the senate, by a vote of twenty-six to twenty-six, refused to go into executive session to consider Mr. Lamar's confirmation, because the matter was to come up Monday next.

Mr. Vance then addressed the senate on Mr. Brown's proposition to abolish the internal revenue tax.

HOUSE.

The house proceeded to the consideration of the bill relating to permissible marks of writing or printing on second, third and fourth class mail matter.

Horticultural Talk.

DOVER, Del., Jan. 13.—The Peninsula Horticultural society met in annual session here yesterday. The membership embraces all Delaware and the eastern shore of Maryland. The subject of the yellow worms, which are devastating the orchards of Kent county, Del., was discussed at length and the stamping-out process advocated. The society will ask the legislatures of Maryland and Delaware to enact a law compelling growers to destroy all trees affected as soon as the symptoms appear.

Philipp Richards, superintendent of the Olds wheel works, residing 412 East Wayne street, held ticket [illegible], and was presented with the fine [illegible] buggy by Messrs. Sam, Pete & Max.

The Princess rink will be open tomorrow evening for skating. Go and have a skate.

CRASHED TOGETHER.

The Vestibule and a Freight on the Pittsburg Wrecked and the Train Men Jump for Their Lives.

PITTSBURG, Jan. 13.—The New York limited vestibule express train, east on the Fort Wayne road, met with a serious accident, this morning, at Rochester, twenty-five miles west of here. The train was running thirty-five miles an hour, and it collided with a freight train of forty cars going west. The engineers and firemen on both trains jumped and one of them was badly injured. The trains came together with a terrific crash, both engines being wrecked, while the baggage cars of the limited and four freight cars were piled up in a heap. The passengers in the limited escaped with a few bruises.

Muncie Secures the Taggart Mills.

MUNCIE, Ind., Jan. 13.—The articles of agreement have been filed and the contract signed which brings to Muncie one of the largest flouring mills in the United States—a rival of the Minneapolis mills. The contract is between Wm. Harris and Hon. James H. Rice, representing the Harris-Rice syndicate, and Mr. Francis Taggart, of Brooklyn, N. Y. Mr. Targart agrees to bring to Muncie his large mills, provided he be furnished a gas well and ten acres of ground. This has been agreed to, and Mr. Taggart will, within three months, begin the erection of three buildings, each 600 feet long and sixty feet wide, to be five or six stories high. The site selected is just south of the city, on what is known as the Watson farm.

Losses, $18,000; covered by insurance. It is supposed the fire originated in an over pressure of natural gas in a cooking range.

HARRISBURG, Pa., Jan. 13.—The car works at Dauphin, owned by School & Schopp, employing about 150 persons, burned last night. Loss, $75,000; insurance $25,000. The Methodist church, in close proximity, was also burned. Loss, $80,000; fully insured.

Murderer Hung.

WEST UNION, Ia., Jan. 13.—Henry Schmidt was hanged this morning for the murder of Lucretia Reek on September 4, 1886. He made a statement on the scaffold, admitting the murder and charging that Ellison T. Smith instigated it and was present, and that Smith killed Abram Reek.

Garfield's Mother Dying.

CLEVELAND, O., Jan. 13.—"Grandma Garfield" as President Garfield's mother is called by those who know her, is at the old homestead at Mentor. She wants to see Jimmy, as she terms her dead son, and although not very sick it is thought her end is drawing near, as she is very aged.

Drugged and Robbed.

SAN ANTONIA, Tex., Jan. 13.—A man, supposed to be L. A. Furlong, of Illinois, is in care of the police, having been put off a train as too sick to travel. He was on his way to San Francisco. He acts as if he was insane. The theory is advanced that he had been drugged and robbed.

Striking Printers.

LOUISVILLE, Ky., Jan. 13.—All but three printers employed on the *Courier-Journal* struck last night, because a man had been brought there to instruct the union printers how to run the fourteen type machines. Their places were supplied and the paper was issued as usual.

JOHN S. BOOHER.

The Phenomenal Natural Gas Explorer in the City.

John S. Booher, of Taylorsville, Ohio, is in the city. He is the natural gas explorer so extensively advertised. Mr. Booher has nervous characteristics or magnetic powers which enable him to locate natural gas veins by simply walking over the territory. The substance acts on him like an electric current and enables him to point out the proper spot to sink wells. He is well to do and is quoted as a substantial business man in the commercial reports.

He called on Mayor Muhler this morning, and this evening he wants to meet the council committee and the committee on natural gas from the Business Men's exchange.

He says he it will not cost a cent if he does not do just what he says, and seems in earnest about it.

THE SENTINEL believes in giving the man a trial.

MARRIAGE BELLS.

Notable Wedding of George L. Clayton and Miss Kittle Eckert.

The pleasant home of Mr. and Mrs. John C. Eckert, No. 19 Williams street, was the scene of a very brilliant wedding last night, being the marriage of their accomplished daughter, Miss Kittie, to Mr. George L. Clayton, a successful traveling salesman.

In the presence of over one hundred relatives and invited friends, the high contracting parties entered the richly festooned parlor, where, at 9 o'clock, Rev. S. A. Northrop, of the Baptist church, pronounced the union according to the ritual of his faith.

The bride was charmingly beautiful in rose pink silk, with richly embroidered front, point lace and diamond ornaments. Mr. Clayton never looked handsomer, and the assembled guests showered all the blessings of life on them, besides many costly gifts

The wedding feast followed and was a feature of the notable festivities attendant on the marriage of two prominent society people.

Mr. Clayton and his bride left for Chicago on the midnight train. On their return they will be at home to friends at the residence of the bride's parents.

Among the guests from abroad were Mr. and Mrs. James Clayton, of Covington, Ky., father and mother of the groom; Mr. Henry Clayton, brother of groom, accompanied by his wife, from Troy, Ohio; Miss Sadie Eckert, aunt of the bride, from Philadelphia; Mr. and Mrs. Fred Hanch, of Chicago, and Miss Corrinne Stockton, of Philadelphia, who has been so ill since her arrival.

AROUND THE DEPOTS

Last Night's Storm Delays the Trains—Several Promotions Announced—Cinders Picked Up.

Several of the passenger trains were late this morning.

The trains on the Grand Rapids were a little late this morning.

George King, an engineer on the Wabash, is enjoying his vacation.

William Smith, the popular foreman at the Olds wheel works, is on the sick list.

Robert Hamilton, a machinist in the Wabash shops, has been on the sick list for a few deys.

Maurice Baldwin, of the Wabash, at Toledo, has resigned his position to take a place at Chicago.

F. M. Caldwell, the district passenger agent of the Pennsylvania company, was at Toledo yesterday.

John Butler, of Louisville, Ky., is in the city. He will supervise the mechanical department of the Pennington pulley works.

William Gaskins, a machinist in the Wabash shops, who has been on the sick list for several days, has returned to work again.

M. McDonald, of the Pittsburg boiler shops, was injured in the leg this morning, while at work, and is taking a few days' vacation.

Manufacturing business is what adds to the growth of our city. Let the citizens exert themselves to secure more of them to locate in our midst.

The section men were busily engaged this morning in loading the snow from tracks at the south depot into flat cars and hauling it out of the city.

Peter Somers, a conductor, and James Lanan, a brakeman, on the Grand Rapids, received slight injuries in a wreck, at LaGrange, a few nights ago.

John Bastable, the district passenger agent of the much-talked-of and much-written-about railroad, the Cincinnati, Hamilton and Dayton, was in the city yesterday.

Ed Carter, of the Pittsburg blacksmith shop, has returned from Valparaiso, where he went to attend the funeral of his mother. His father still remains there.

Porter Chamberlain, the veteran machinist at the Bass works, who was injured several days ago, has returned to work again, but has not entirely recovered from his injuries.

The Pittsburg limited going west was about three hours late this morning, on account of a little freight wreck on the road at some point east. The passengers breakfasted at the depot.

The manufacturing business of the city seems to hold its own during the winter, and work is more abundant at this season than it has been for years. Will the building boom strike us again in the spring?

The storm of last night interfered considerably with travel on the railroads and made the duties of the engineer dangerous, but aside from a little wreck on the Pittsburg east, no accidents on the Fort Wayne roads were announced at the depots this morning.

The following passenger firemen on the Pittsburg road have passed the examination and been promoted to freight engineers: R. J. Lyons, John Parrish, E. E. Jamey and J. C. Kensill. Their examination took place yesterday and the boys are now entitled to stand upon the right hand side of the locomotive.

A broad smile wreathed the face of W. Kieley, the popular riveter in the Pittsburg boiler shops, this morning, when he appeared to go to work, and inquiry revealed the fact that a new heir in the shape of a bouncing boy baby had arrived at his house last night. Of course, the boys smoked at the expense of the proud father, as they congratulated him over the event.

The Ohio Legislature.

COLUMBUS, Ohio, Jan. 13.—The republican factions of the Ohio senate spent all the morning in the approval of the journal. The caucus republicans objected to eliminate from the journal a part of the proceedings had last evening, and which was ruled out of order by the president. The journal was finally approved by the bolting senators with the aid of the democrats, a portion of the members refusing to vote, but they were voted present in order to make a quorum. Both branches adjourned to Tuesday evening.

The Lady and the Tiger.

HARTFORD CITY, Jan. 13.—In the circuit court, yesterday, Rufus D. Mann, recently station agent on the Fort Wayne, Cincinnati and Louisville railroad, pleaded guilty to the charge of embezzling funds to the amount of $300 from the company, and was sentenced to the penitentiary for one year. His downfall is attributed to poker and women.

Frozen to Death.

KALAMAZOO, Mich., Jan. 13.—William H. Jewell, a local republican politician and an extensive farmer, was found in the court house yard at Hastings yesterday morning, with his arms and legs frozen solid, and died soon afterwards. He was commander of the Cox post, G. A. R.

CAPTURED AT LAST.

He Swindled Them by Selling Spurious Advance Tickets for Patti, but is Brought to Justice.

NEW YORK, Jan. 13.—After eluding the detectives for a year, the man who, representing himself as the brother of Marcus R. Mayer, so successfully swindled the residents of the City of Mexico out of nearly $30,000 by spurious advance tickets for a series of concerts by Mme. Patti, has been arrested and is now locked up at police headquarters. He is, as has been said, Charles Burton, who lived in this city for a short time, and claimed he was a representative of the London *Referee* and the Paris *Gilblas*. Mr. Abbey identified the swindler.

LOCAL NEWS.

Emila Klug, a two months old child, died yesterday at the St. Vincent Orphans home and was buried to-day.

The Knights of Labor assemblies of district No. 195 will hold a convention in this city January 18th, at Carpenters hall.

The limited express came into Fort Wayne fours hours late this morning, because of its collision noted in the telegraph columns.

Police court was a blank this morning and the justice court quiet was only broken by one assault and battery case before Justice France.

The Grand Rapids and Indiana railroad company are cutting ice at Rome City and shipping it to Grand Rapids to fill their house there.

Henry A. Hackathorn, of LaGrange, recently arrested and taken to Indianapolis for violating the revenue law, secured bail last week, and returned to his home.

The infant child of Mr. and Mrs. H. B. Myer, living at the corner of Wilt and Jackson streets, died yesterday and was buried this afternoon from St. Paul's Lutheran church.

John Albrecht, who kept a shoe store on Broadway, died yesterday of consumption, at the age of thirty-nine years, at his residence, No. 12 Elm street. The deceased leaves a wife and two children. The funeral has not yet been announced.

Hon. J. M. Barrett represented the district and county central committees at Indianapolis. The capital newspapers speak of Mr. Barrett as a prominent candidate for congress in this district, and a very available, brilliant one at that.

Supt. P. S. O'Rourke asks THE SENTINEL to contradict the interview attributed to him in the Indianapolis *Journal*. He is not opposing Judge Lowry for anything, nor is he making any threats. He is a candidate for congress on his own merits.

This morning Mr. George W. Pixley received a telegram from Sioux City, Iowa, stating that their branch clothing house there was destroyed by fire last night. They carried a $30,000 stock and but very little of it was saved. Mr. Pixley and Mr. Charles Read left at noon for Sioux City.

FRIDAY, JAN. 13, 1888.

MEXICAN editors complain of the arrest in Texas of some of their countrymen for violating the congressional enactment against the importion of laborers under contract, claiming that the Mexicans crossed the Rio Grande at the request of American farmers and planters to assist them in their harvest, as has been customary for years, and that, although paid for their services, they were not in competition with any American workmen.

A BENEVOLENT Philadelphian conceived the idea of selling chickens by the quarter, in order that poor persons who were directed by physicians to use chicken broth in case of illness might be able to buy chickens. A certain dealer sells them that way, charging 15 cents for a fore quarter and 10 cents for a hind quarter. It is not a profitable business, and the loss on sales for a year has been $300, but the benevolent man makes up the loss to the dealer.

THE Adrian (Mich.) *Press* says one of the questions asked by the members of the Farmers' club, in Franklin, lately, was: "How does a chipmunk dig his hole without throwing out dirt?" A professor once said to his class: "How do you explain why it is that if you put a big lump of sugar in a glass even full of water the water sinks in the glass instead of running over?" Various philosophical reasons were assigned, but the professor quietly remarked: "You are all wrong. It simply isn't true."

SOME of the protestant papers are calling attention to the fact that while protestants are appealing and coaxing men to go to the heathen as missionaries the Roman Catholic Church is hard at work and her missionaries are abroad in all lands. In China there are 483,403 baptized converts, 47 European missionaries, 281 native priests, 2,429 churches and chapels, 1,779 colleges and schools with 25,219 scholars, and 33 seminaries with 654 seminarists. In Corea, Japan, Manchooria, and Thibet the church has 130 European and 15 native priests, 227 churches and chapels, and 77,254 baptized Christians. In the Indo-China peninsula there are reported 694,286 Catholics, and in India 1,185,538 Catholics. If the food is not properly digested it becomes corrupt, and poisons the system it is intended to nourish. This is indigestion.

"My wife has suffered for many years with indigestion. After trying everything else recommended, she tried Simmons Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."

THREE BARRELS

— OF —

MONEY HAVE ARRIVED!

Remember that these are money days, and will continue until Saturday night, January the 14th, when this novel and expensive souvenir system of distributing a very large per cent. of the sales to the purchasers, will be discontinued and the goods placed on sale, through an agent, at the same price, but without the souvenirs. One of these barrels of genuine money are displayed in the front window of the store of the Globe Tea and Coffee company, 87 Calhoun street, Fort Wayne.

The greatest sight ever witnessed in this city. It is well worth coming miles to see. The other two barrels are distributed in the cans of tea and coffee for sale on the shelves of their store. The denominations of this money are 1's, 2's, 5's, 20's, 50's and 100 dollar bills. Every purchaser will certainly receive a sum of money ranging from 10 cents upwards.

But in order to accommodate parties ordering by mail or express, three sections of shelves will be reserved, and they will hold cans containing watches, diamonds, and other jewelry of lesser value. Orders by mail will be selected from these three sections of mixed cans of money, watches, diamonds, and other jewelry unless otherwise ordered.

Now is the time. Come while you can get these valuable presents. This company justly claim that they have as good a right to give away to their patrons these valuables as their competitors have to give cheap chromos, glassware, etc.

Below will be found a partial list of persons finding money, genuine diamonds, solid gold watches and other articles in their cans of tea. T. E. Burns, wheel maker, paid $1 for a can of tea and on opening the can found $50 in gold; Miss S. Johnson, dressmaker, Warsaw, found $20 in silver.

J. C. Miller, salesman, Huntington, Ind., sent a club order of $10 for thirteen cans of tea and got in one can $30 in gold, and in another a pair of genuine solitaire diamond shirt studs; Miss Katie Fisher, domestic, found ten silver dollars in her can.

Carl Bohman, with Pennington machine Co., found a genuine diamond ring in his can, Mrs. Emma Mason, Bluffton, Ind., found twenty silver dollars in her can.

E. B. Kunkle, 138 East Wayne street, found a ladies' solid gold hunting case watch in tea. Miss Nellie Shaff, Arcola, Ind., got a solid gold chased ring. J. H. Heller, 185 West Jefferson street, found a genuine diamond ring. J. B. Hire, stock dealer, Claypool, Ind., found a ladies' solid hunting case stem winder and set watch. Mrs. M. L. Myers, 64 McClellen street, found a solid gold band ring. To imagine that the treatment of Constipation consists merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. This is what Simmons Liver Regulator always does.

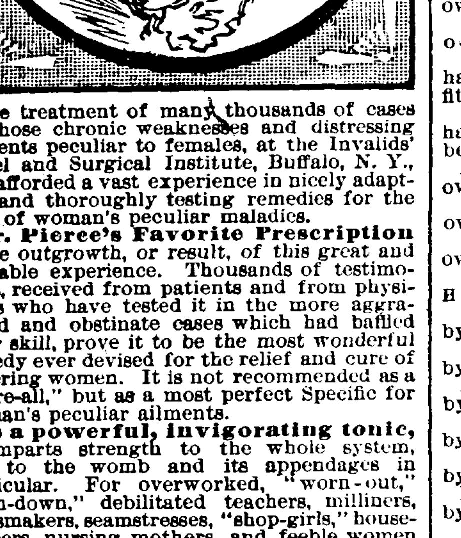
"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. McELROY, Macon, Ga.

Believe us, when we tell you that most of the despondent feeling (the blues) is the effect of a Torpid Liver, Indigestion, Weakness of Stomach, and Nervousness. A dose of Simmons Liver Regulator invariably relieves, cures and prevents a re-occurrence.

"I find Simmons Liver Regulator, very safe, harmless and valuable as a family medicine, and have used it for any disorder of the system and have found it to act like a charm, and I believe that if it was used in time, it would prove a great preventive of sickness. I have often recommended it to my friends, and shall continue to do so."—Rev. JAMES. M. ROLLINS, Fairfield, Va.

Simmons Liver Regulator is given with safety and with the happiest results, in almost any ailment, to the most delicate infant as well as to the adult. For all diseases in which a laxative, alterative, or purgative is needed, it will give the most perfect satisfaction. It is the cheapest, purest and best Family Medicine in the world.

Price $1. Sold by all Druggists. Prepared by J. H. ZEILIN & Co., Philadelphia, Pa.



The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**

"Blaine Not a Candidate."

Upon no authority whatever the Washington correspondent of The Chicago Tribune again announces that Mr. Blaine is not a candidate. Of course this announcement is accompanied with the usual rot that he prefers not to be a candidate, and "has insisted that he would only think of accepting the nomination on condition that it came with substantial unanimity, so as to show that the party did not hold him personally responsible for the defeat of 1884." In no event, we are told, will he or his friends make what is ordinarily termed a canvass. "If the nomination is given him it will be without the asking."

This is delicious. His friends will not make what is ordinarily termed a canvass, eh? Won't they? Just watch them from now until next June? Certainly the nomination will be given without the asking. When did Mr. Blaine ever ask for anything he could take?

We are informed, too, that Blaine's friends are "looking for a man to take his place." That is, they are in search of a cat's paw to serve the purpose that Garfield did in 1880. They want a political marionette. Not Sherman or Hawley or any candidate the man from Maine cannot manipulate. For such a one, to shoulder defeat if defeat is to be, and share the spoils if these should be won, Mr. Blaine is not a candidate.—Chicago News.

Filling a Senatorial Want.

Mr. Reagan, of Texas, promises to become a valuable member of the senate in the way of recalling that body to the constitutional principles which it is drifting away from. He will oppose the Blair bill vigorously on the ground that the constitution gives congress no power to interfere in the school systems of the different states or to levy taxes to support state educational institutions.

Nothing could have been further removed from the intentions of the framers of the constitution than to endow congress with any such responsibilities. An extension of such interferences would hopelessly confuse our system of dual governments. To assert that the Blair bill may properly be regarded as coming within the scope "of the general welfare" clause of the constitution, is to render meaningless many of the provisions of that instrument.—New York World.

No Tariff There.

The telegraph reports that 2,000 Belgian miners have been sent for, and are coming to Pennsylvania to break up the strike of the Lehigh Valley coal miners. A prohibitory tariff that should prevent these Belgians coming in would be a very handy thing—for the miners. But this is exactly the kind of tariff that those men who profess to make high tariffs in the interest of the workingman do not allow. If we remember aright, the coal operatives of Pennsylvania are among the most poorly paid workmen, in view of the very hard labor they perform, in the land.—Boston Herald.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

A QUEER COLT.

It Bears the Marks of the Elephant That Frightened Its Mother at Fort Wayne.

The South Whitley *News* relates the following: "Joseph O. Lancaster, living northwest of Arcola, in Allen county, has a colt eight months old that is a most singular phenomenon of nature. When foaled the only peculiarity about it was that it had very little hair on it, and its upper lip seemed longer than usual for colts, and was of a very singular shape; otherwise it was a well formed colt. The hair, what there was of it, was of a mouse color. When about a month old the colt's upper lip had grown longer and assumed a conical form. Its upper lip has continued to grow until it is now eight and a half inches long; and almost exactly like an elephant's trunk. It can pick up small potatoes with its trunk (if we may call it such), but cannot bend it sufficient to put the apple or potato in its mouth. The mother of the colt was at Fort Wayne about eight months before the colt was born, when Sells' managerie was there, and got terribly frightened at one of the elephants. Mr. Lancaster has written P. T. Barnum to buy the animal."

Shaving in China.

Everything is reversed in China, you know. Men don't go to a barber-shop to get shaved, the barber-shop comes to them. That is, the man of the razor carries his kit around hunting customers. No sitting in a crowded shop waiting for the cry of "Next." You have only to sit down on the curbstone when you want a shave and a barber comes along and attends to you immediately. He never talks to you, but you can talk him blind if you want to.—*Texas Siftings.*

DIVINES DISAGREE.

A Discussion Not Decided by Prayer—Intolerance of Opinion.

The following is an extract from a late New York Tribune editorial: "There is, perhaps, no mental vice so common as intolerance of opinion. Even such as think they have emancipated themselves from the clinging defect find it hard to acknowledge frankly to themselves that the opinion of some one else upon a matter they have studied may very well be as deserving of respect as their own. If we could all get rid of this 'last infirmity,' not only of 'noble minds,' but of nearly all human minds, how much less friction there would be in life, how much less bitterness and heart burning and envy and all uncharitableness."

In an adjoining column of the same paper was found the following peculiar commentary on the editorial:

"The bitterness of the controversy in the American Board over the question of probation after death was very great. This rather shocked the simple-minded and earnest foreign missionaries who attended the sessions of the Board, one of whom said he had always thought such questions were decided by prayer. But if the debate was not altogether Christian in spirit, it was strictly parliamentary. The brethern didn't forget to put a copy of Cushing's Manuel in their valise along with their Bible, and apparently some of them consulted it oftener than the Bible."

Is it a fact that there is but little toleration in this country, and less than in others?

"Comparisons are odorous," said Mrs. Malapop. Perhaps we have been claiming to much for this free nation.

We must admit that in the professions there is yet much of the old time prejudice against new ideas. Preachers preach the old doctrines and doctors prescribe the old medicine. Bitter controversies arise when anything new is proposed.

But the march of progress is not stayed. Men are travelling heavenward under new creeds and being cured by new medicines.

Much the same state of facts seems to exist in other countries.

When Dr. Robson, a leading physician of London, formerly of the Royal Navy, proclaimed that Warner's safe cure was a specific in kidney derangements, the hide-bound school to which he belonged threatened to debar him from practice, if he did not recant. But he replied that his statement was based on such evidence that he could not recant.

Since then, Dr. Wilson, F. R. S. E. editor of "Health," a recognized English authority, announces in his magazine that "Warner's safe cure is of a perfectly safe character and perfectly reliable." Many English physicians are now prescribing it.

The "schools" in this country still bar all proprietary medicines. But Dr. Gunn, Dean of a New York Medical College long since published: "Warner's safe cure is a very valuable remedy;" and says he knows that many physicians prescribe it, though not be name.

Good things in creed or practice are not to be cried down by the old fogies simply because they are new. The spirit of toleration thrives on opposition.

I give honor to whom it is due. Dr. David Kennedy's favorite remedy cured me of Bright's disease and Gravel. Four of the best physicians had failed to relieve me. I have recommended it to scores of people with like success, and know it will cure all who try it.—Mrs. E. P. Mizner, Burg Hill, O. Send 2c. stamp to Dr. Kennedy, Rondout, N. Y., for book how to cure Kidney, Liver and Blood Disorders. Mention this paper.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. The State Central Committee's Plan.

Representatives of the seventy-two county democratic central committees met with Chairman Rice, of the state central committee, Wednesday afternoon, at Indianapolis, to to hear his plan for the reorganization of the state democracy. It anticipates the merging of all organisations in the Hendricks league, with subordinate organizations throughout the state. The plan was discussed at length. The advantage pointed was that campaign literature could through such an organization be quickly and easily distributed to all the voters. The county representatives intrusted the promulgation of the plan to the state central committee.

There was a man in our town and he was wondrous wise. He jumped into a bramble bush and scratched out both his eyes. And when he saw his eyes were out, with all his might and main, he bought a bottle of Salvation Oil, and rubbed them in again.

TARIFF REFORM.

The Organization of a Western Association of Tariff Reform Democrats Advocated.

CHICAGO, Jan. 13.—At a meeting of the executive committee of the democratic central committee yesterday an organization of the Northwestern Association of Tariff Reform democrats was urgently advocated. It was announced that Illinois, Iowa, Wisconsin, Minnesota, Michigan, Kansas, Indiana and Missouri were fully prepared to join the movement of this nature and it was decided that each state should be represented by one state committeeman, to be hereafter selected, whose duty should be to collect and collate such information on the tariff question as would most thoroughly instruct the workingmen of the country upon this question.

OHIO REPUBLICANS FOR SHERMAN.

Ex-Congressman A. L. Conger, of Akron, Ohio, who is in the city, said: "Sherman will have the Ohio delegation solid and have it easily and without a contest. Blaine has always been very strong in our state and very popular and he has all his old friends, but at the state convention the matter was thoroughly talked over and the feeling, without exception, is that Sherman should have the delegation solid.

THE BLIZZARD

Of Last Night Was the Worst of the Season and Delays Travel.

The Weather.

WASHINGTON, January 13.—Indiana, colder, fair weather.

MINNEAPOLIS, Minn., Jan. 13.—The reports from all over the northwest indicate that the prevailing blizzard is the worst and most extended of the season. Its area is from the rockies to Lake Michigan, but Minnesota and Dakota are the worst sufferers. Between Minneapolis and Chicago trains are moving very slowly and way behind time. On the roads running west from here all the freights are abandoned and passenger trains run at long intervals. In Dakota the air is full of sand and snow, which makes it dangerous to venture out doors. Even the Short Line trains, between Minneapolis and St. Paul, are running with few cars and at irregular intervals. At Fargo the storm is the worst in eight years, with the mercury 47 degrees below zero and a hurricane blowing. At Meche, Dak., 53 below was reached this morning. The blizzard force is mostly spent.

BISMARCK, Dak., Jan. 13.—The wind last night was about was about forty miles per hour and the mercury 25 below and the wind intensly cold. The farmers in town dare not venture out. The trains will not reach here till next week. The city schools closed for several days. A Fergus Falls, Minn., special reports that no trains are expected until Sunday. All schools are closed. The mercury is 30 below and a heavy wind all night, causing mammoth drifts of snow.

CONGRESS.

The Proceedings of the Senate and House in Their Session To-day.

WASHINGTON, Jan. 13.—The bill to credit and pay to the several states and territories and the District of Columbia receipts of the tax of 1861, was taken up—question being on a verbal amendment, offered by Hoar. When the bill was up some days ago Sherman regarded the amendment as mere surplusage, and, while he had no objections to it, still he preferred to take the bill just as reported from the finance committee, as prepared some years ago by the first comptroller of the treasury. and as twice passed by the senate.

On motion of Mr. Riddleberger, the senate, by a vote of twenty-six to twenty-six, refused to go into executive session to consider Mr. Lamar's confirmation, because the matter was to come up Monday next.

Mr. Vance then addressed the senate on Mr. Brown's proposition to abolish the internal revenue tax.

HOUSE.

The house proceeded to the consideration of the bill relating to permissible marks of writing or printing on second, third and fourth class mail matter.

Horticultural Talk.

DOVER, Del., Jan. 13.—The Peninsula Horticultural society met in annual session here yesterday. The membership embraces all Delaware and the eastern shore of Maryland. The subject of the yellow worms, which are devastating the orchards of Kent county, Del., was discussed at length and the stamping-out process advocated. The society will ask the legislatures of Maryland and Delaware to enact a law compelling growers to destroy all trees affected as soon as the symptoms appear.

Philipp Richards, superintendent of the Olds wheel works, residing [illegible] 412 East Wayne street, held ticket [illegible], and was presented with the fine [illegible] buggy by Messrs. Sam, Pete & Max.

The Princess rink will be open to-morrow evening for skating. Go and have a skate.

CRASHED TOGETHER.

The Vestibule and a Freight on the Pittsburg Wrecked and the Train Men Jump for Their Lives.

PITTSBURG, Jan. 13.—The New York limited vestibule express train, east on the Fort Wayne road, met with a serious accident, this morning, at Rochester, twenty-five miles west of here. The train was running thirty-five miles an hour, and it collided with a freight train of forty cars going west. The engineers and firemen on both trains jumped and one of them was badly injured. The trains came together with a terrific crash, both engines being wrecked, while the baggage cars of the limited and four freight cars were piled up in a heap. The passengers in the limited escaped with a few bruises.

Muncie Secures the Taggart Mills.

MUNCIE, Ind., Jan. 13.—The articles of agreement have been filed and the contract signed which brings to Muncie one of the largest flouring mills in the United States—a rival of the Minneapolis mills. The contract is between Wm. Harris and Hon. James H. Rice, representing the Harris-Rice syndicate, and Mr. Francis Taggart, of Brooklyn, N. Y. Mr. Targart agrees to bring to Muncie his large mills, provided he be furnished a gas well and ten acres of ground. This has been agreed to, and Mr. Taggart will, within three months, begin the erection of three buildings, each 600 feet long and sixty feet wide, to be five or six stories high. The site selected is just south of the city, on what is known as the Watson farm.

HARRISBURG, Pa., Jan. 13.—The car works at Dauphin, owned by School & Schopp, employing about 150 persons, burned last night. Loss, $75,000; insurance $25,000. The Methodist church, in close proximity, was also burned. Loss, $80,000; fully insured.

Murderer Hung.

WEST UNION, Ia., Jan. 13.—Henry Schmidt was hanged this morning for the murder of Lucretia Reek on September 4, 1886. He made a statement on the scaffold, admitting the murder and charging that Ellison T. Smith instigated it and was present, and that Smith killed Abram Reek.

Garfield's Mother Dying.

CLEVELAND, O., Jan. 13.—"Grandma Garfield" as President Garfield's mother is called by those who know her, is at the old homestead at Mentor. She wants to see Jimmy, as she terms her dead son, and although not very sick it is thought her end is drawing near, as she is very aged.

Drugged and Robbed.

SAN ANTONIA, Tex., Jan. 13.—A man, supposed to be L. A. Furlong, of Illinois, is in care of the police, having been put off a train as too sick to travel. He was on his way to San Francisco. He acts as if he was insane. The theory is advanced that he had been drugged and robbed.

Striking Printers.

LOUISVILLE, Ky., Jan. 13.—All but three printers employed on the *Courier-Journal* struck last night, because a man had been brought there to instruct the union printers how to run the fourteen type machines. Their places were supplied and the paper was issued as usual.

JOHN S. BOOHER.

The Phenomenal Natural Gas Explorer in the City.

John S. Booher, of Taylorsville, Ohio, is in the city. He is the natural gas explorer so extensively advertised. Mr. Booher has nervous characteristics or magnetic powers which enable him to locate natural gas veins by simply walking over the territory. The substance acts on him like an electric current and enables him to point out the proper spot to sink wells. He is well to do and is quoted as a substantial business man in the commercial reports.

He called on Mayor Muhler this morning, and this evening he wants to meet the council committee and the committee on natural gas from the Business Men's exchange.

He says he it will not cost a cent if he does not do just what he says, and seems in earnest about it.

MARRIAGE BELLS.

Notable Wedding of George L. Clayton and Miss Kittie Eckert.

The pleasant home of Mr. and Mrs. John C. Eckert, No. 19 Williams street, was the scene of a very brilliant wedding last night, being the marriage of their accomplished daughter, Miss Kittie, to Mr. George L. Clayton, a successful traveling salesman.

In the presence of over one hundred relatives and invited friends, the high contracting parties entered the richly festooned parlor, where, at 9 o'clock, Rev. S. A. Northrop, of the Baptist church, pronounced the union according to the ritual of his faith.

The bride was charmingly beautiful in rose pink silk, with richly embroidered front, point lace and diamond ornaments. Mr. Clayton never looked handsomer, and the assembled guests showered all the blessings of life on them, besides many costly gifts

The wedding feast followed and was a feature of the notable festivities attendant on the marriage of two prominent society people.

Mr. Clayton and his bride left for Chicago on the midnight train. On their return they will be at home to friends at the residence of the bride's parents.

Among the guests from abroad were Mr. and Mrs. James Clayton, of Covington, Ky., father and mother of the groom; Mr. Henry Clayton, brother of groom, accompanied by his wife, from Troy, Ohio; Miss Sadie Eckert, aunt of the bride, from Philadelphia; Mr. and Mrs. Fred Hanch, of Chicago, and Miss Corrinne Stockton, of Philadelphia, who has been so ill since her arrival.

AROUND THE DEPOTS

Last Night's Storm Delays the Trains—Several Promotions Announced—Cinders Picked Up.

Several of the passenger trains were late this morning.

The trains on the Grand Rapids were a little late this morning.

George King, an engineer on the Wabash, is enjoying his vacation.

William Smith, the popular foreman at the Olds wheel works, is on the sick list.

Robert Hamilton, a machinist in the Wabash shops, has been on the sick list for a few days.

Maurice Baldwin, of the Wabash, at Toledo, has resigned his position to take a place at Chicago.

F. M. Caldwell, the district passenger agent of the Pennsylvania company, was at Toledo yesterday.

John Butler, of Louisville, Ky., is in the city. He will supervise the mechanical department of the Pennington pulley works.

William Gaskins, a machinist in the Wabash shops, who has been on the sick list for several days, has returned to work again.

M. McDonald, of the Pittsburg boiler shops, was injured in the leg this morning, while at work, and is taking a few days' vacation.

Manufacturing business is what adds to the growth of our city. Let the citizens exert themselves to secure more of them to locate in our midst.

The section men were busily engaged this morning in loading the snow from tracks at the south depot into flat cars and hauling it out of the city.

Peter Somers, a conductor, and James Lanan, a brakeman, on the Grand Rapids, received slight injuries in a wreck, at LaGrange, a few nights ago.

John Bastable, the district passenger agent of the much-talked-of and much-written-about railroad, the Cincinnati, Hamilton and Dayton, was in the city yesterday.

Ed Carter, of the Pittsburg blacksmith shop, has returned from Valparaiso, where he went to attend the funeral of his mother. His father still remains there.

Porter Chamberlain, the veteran machinist at the Bass works, who was injured several days ago, has returned to work again, but has not entirely recovered from his injuries.

The Pittsburg limited going west was about three hours late this morning, on account of a little freight wreck on the road at some point east. The passengers breakfasted at the depot.

The manufacturing business of the city seems to hold its own during the winter, and work is more abundant at this season than it has been for years. Will the building boom strike us again in the spring?

The storm of last night interfered considerably with travel on the railroads and made the duties of the engineer dangerous, but aside from a little wreck on the Pittsburg east, no accidents on the Fort Wayne roads were announced at the depots this morning.

The following passenger firemen on the Pittsburg road have passed the examination and been promoted to freight engineers: R. J. Lyons, John Parrish, E. E. Jamey and J. C. Kensill. Their examination took place yesterday and the boys are now entitled to stand upon the right hand side of the locomotive.

A broad smile wreathed the face of W. Kieley, the popular riveter in the Pittsburg boiler shops, this morning, when he appeared to go to work, and inquiry revealed the fact that a new heir in the shape of a bouncing boy baby had arrived at his house last night. Of course, the boys smoked at the expense of the proud father, as they congratulated him over the event.

The Ohio Legislature.

COLUMBUS, Ohio, Jan. 13.—The republican factions of the Ohio senate spent all the morning in the approval of the journal. The caucus republicans objected to eliminate from the journal a part of the proceedings had last evening, and which was ruled out of order by the president. The journal was finally approved by the bolting senators with the aid of the democrats, a portion of the members refusing to vote, but they were voted present in order to make a quorum. Both branches adjourned to Tuesday evening.

The Lady and the Tiger.

HARTFORD CITY, Jan. 13—In the circuit court, yesterday, Rufus D. Mann, recently station agent on the Fort Wayne, Cincinnati and Louisville railroad, pleaded guilty to the charge of embezzling funds to the amount of $300 from the company, and was sentenced to the penitentiary for one year. His downfall is attributed to poker and women.

Frozen to Death.

KALAMAZOO, Mich., Jan. 13.—William H. Jewell, a local republican politician and an extensive farmer, was found in the court house yard at Hastings yesterday morning, with his arms and legs frozen solid, and died soon afterwards. He was commander of the Cox post, G. A. R.

CAPTURED AT LAST.

He Swindled Them by Selling Spurious Advance Tickets for Patti, but is Brought to Justice.

NEW YORK, Jan. 13.—After eluding the detectives for a year, the man who, representing himself as the brother of Marcus R. Mayer, so successfully swindled the residents of the City of Mexico out of nearly $30,000 by spurious advance tickets for a series of concerts by Mme. Patti, has been arrested and is now locked up at police headquarters. He is, as has been said, Charles Barton, who lived in this city for a short time, and claimed he was a representative of the London *Referee* and the Paris *Gilblas*. Mr. Abbey identified the swindler.

LOCAL NEWS.

Geo. W. Sult and Josephine Baily have been licensed to wed.

Each of the local Knights of Labor assemblies netted $50 clear of expenses out of the recent labor ball.

Emila Kling, a two months old child, died yesterday at the St. Vincent Orphans home and was buried to-day.

The Knights of Labor assemblies of district No. 195 will hold a convention in this city January 18th, at Carpenters hall.

The limited express came into Fort Wayne fours hours late this morning, because of its collision noted in the telegraph columns.

Police court was a blank this morning and the justice court quiet was only broken by one assault and battery case before Justice France.

The Grand Rapids and Indiana railroad company are cutting ice at Rome City and shipping it to Grand Rapids to fill their house there.

Henry A. Hackathorn, of LaGrange, recently arrested and taken to Indianapolis for violating the revenue law, secured bail last week, and returned to his home.

The infant child of Mr. and Mrs. H. B. Myer, living at the corner of Wilt and Jackson streets, died yesterday and was buried this afternoon from St. Paul's Lutheran church.

John Albrecht, who kept a shoe store on Broadway, died yesterday of consumption, at the age of thirty-nine years, at his residence, No. 12 Elm street. The deceased leaves a wife and two children. The funeral has not yet been announced.

Hon. J. M. Barrett represented the district and county central committees at Indianapolis. The capital newspapers speak of Mr. Barrett as a prominent candidate for congress in this district, and a very available, brilliant one at that.

Supt. P. S. O'Rourke asks THE SENTINEL to contradict the interview attributed to him in the Indianapolis *Journal*. He is not opposing Judge Lowry for anything, nor is he making any threats. He is a candidate for congress on his own merits.

This morning Mr. George W. Pixley received a telegram from Sioux City, Iowa, stating that their branch clothing house there was destroyed by fire last night. They carried a $30,000 stock and but very little of it was saved. Mr. Pixley and Mr. Charles Read left at noon for Sioux City.

FRIDAY, JAN. 13, 1888.

MEXICAN editors complain of the arrest in Texas of some of their countrymen for violating the congressional enactment against the importion of laborers under contract, claiming that the Mexicans crossed the Rio Grande at the request of American farmers and planters to assist them in their harvest, as has been customary for years, and that, although paid for their services, they were not in competition with any American workmen.

A BENEVOLENT Philadelphian conceived the idea of selling chickens by the quarter, in order that poor persons who were directed by physicians to use chicken broth in case of illness might be able to buy chickens. A certain dealer sells them that way, charging 15 cents for a fore quarter and 10 cents for a hind quarter. It is not a profitable business, and the loss on sales for a year has been $300, but the benevolent man makes up the loss to the dealer.

THE Adrian (Mich.) *Press* says one of the questions asked by the members of the Farmers' club, in Franklin, lately, was: "How does a chipmunk dig his hole without throwing out dirt?" A professor once said to his class: "How do you explain why it is that if you put a big lump of sugar in a glass even full of water the water sinks in the glass instead of running over?" Various philosophical reasons were assigned, but the professor quietly remarked: "You are all wrong. It simply isn't true."

SOME of the protestant papers are calling attention to the fact that while protestants are appealing and coaxing men to go to the heathen as missionaries the Roman Catholic Church is hard at work and her missionaries are abroad in all lands. In China there are 483,403 baptized converts, 47 European missionaries, 251 native priests, 2,429 churches and chapels, 1,779 colleges and schools with 25,219 scholars, and 33 seminaries with 654 seminarists. In Corea, Japan, Manchooria, and Thibet the church has 130 European and 15 native priests, 227 churches and chapels, and 77,254 baptized Christians. If the food is not properly digested it becomes corrupt, and poisons the system it is intended to nourish. This is indigestion.

"My wife has suffered for many years with indigestion. After trying everything else recommended, she tried Simmons Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."

THREE BARRELS

— OF —

MONEY HAVE ARRIVED!

Remember that these are money days, and will continue until Saturday night, January the 14th, when this novel and expensive souvenir system of distributing a very large per cent. of the sales to the purchasers, will be discontinued and the goods placed on sale, through an agent, at the same price, but without the souvenirs. One of these barrels of genuine money are displayed in the front window of the store of the Globe Tea and Coffee company, 87 Calhoun street, Fort Wayne.

The greatest sight ever witnessed in this city. It is well worth coming miles to see. The other two barrels are distributed in the cans of tea and coffee for sale on the shelves of their store. The denominations of this money are 1's, 2's, 5's, 20's, 50's and 100 dollar bills. Every purchaser will certainly receive a sum of money ranging from 10 cents upwards.

But in order to accommodate parties ordering by mail or express, three sections of shelves will be reserved, and they will hold cans containing watches, diamonds, and other jewelry of lesser value. Orders by mail will be selected from these three sections of mixed cans of money, watches, diamonds, and other jewelry unless otherwise ordered.

Now is the time. Come while you can get these valuable presents. This company justly claim that they have as good a right to give away to their patrons these valuables as their competitors have to give cheap chromos, glassware, etc.

Below will be found a partial list of persons finding money, genuine diamonds, solid gold watches and other articles in their cans of tea. T. E. Burns, wheel maker, paid $1 for a can of tea and on opening the can found $50 in gold; Miss S. Johnson, dressmaker, Warsaw, found $20 in silver.

J. C. Miller, salesman, Huntington, Ind., sent a club order of $10 for thirteen cans of tea and got in one can $30 in gold, and in another a pair of genuine solitaire diamond shirt studs; Miss Katie Fisher, domestic, found ten silver dollars in her can.

Carl Bohman, with Pennington machine Co, found a genuine diamond ring in his can, Mrs. Emma Mason, Bluffton, Ind., found twenty silver dollars in her can.

E. B. Kunkle, 138 East Wayne street, found a ladies' solid gold hunting case watch in tea. Miss Nellie Shaff, Arcola, Ind., got a solid gold chased ring. J. H. Heller, 185 West Jefferson street, found a genuine diamond ring. J. B. Hire, stock dealer, Claypool, Ind., found a ladies' solid hunting case stem winder and set watch. Mrs. M. L. Myers, 64 McClellen street, found a solid gold band ring. Andrew Schmidt, moulder, found a genuine diamond ruby and sapphire lace pin in his can, and over twenty other valuable souvenirs went out in orders received by mail and express. Orders by mail promptly forwarded to all parts of the United States on receipt of cash or post office order. Terms, single cans $1, six for $5, thirteen for $10, and twenty-seven for $20. Address

To imagine that the treatment of Constipation consists merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. This is what Simmons Liver Regulator always does.

"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. McELROY, Macon, Ga.

Believe us, when we tell you that most of the despondent feeling (the blues) is the effect of a Torpid Liver, Indigestion, Weakness of Stomach, and Nervousness. A dose of Simmons Liver Regulator invariably relieves, cures and prevents a re-occurrence.

"I find Simmons Liver Regulator, very safe, harmless and valuable as a family medicine, and have used it for any disorder of the system and have found it to act like a charm, and I believe that if it was used in time, it would prove a great preventive of sickness. I have often recommended it to my friends, and shall continue to do so."—Rev. JAMES M. ROLLINS, Fairfield, Va.

Simmons Liver Regulator is given with safety and with the happiest results, in almost any ailment, to the most delicate infant as well as to the adult. For all diseases in which a laxative, alterative, or purgative is needed, it will give the most perfect satisfaction. It is the cheapest, purest and best Family Medicine in the world.

Price $1. Sold by all Druggists. Prepared by J. H. ZEILIN & CO., Philadelphia, Pa.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**

"Blaine Not a Candidate."

Upon no authority whatever the Washington correspondent of The Chicago Tribune again announces that Mr. Blaine is not a candidate. Of course this announcement is accompanied with the usual rot that he prefers not to be a candidate, and "has insisted that he would only think of accepting the nomination on condition that it came with substantial unanimity, so as to show that the party did not hold him personally responsible for the defeat of 1884." In no event, we are told, will he or his friends make what is ordinarily termed a canvass. "If the nomination is given him it will be without the asking."

This is delicious. His friends will not make what is ordinarily termed a canvass, eh? Won't they? Just watch them from now until next June! Certainly the nomination will be given without the asking. When did Mr. Blaine ever ask for anything he could take?

We are informed, too, that Blaine's friends are "looking for a man to take his place." That is, they are in search of a cat's paw to serve the purpose that Garfield did in 1880. They want a political marionette. Not Sherman or Hawley or any candidate the man from Maine cannot manipulate. For such a one, to shoulder defeat if defeat is to be, and share the spoils if these should be won, Mr. Blaine is not a candidate.—Chicago News.

Filling a Senatorial Want.

Mr. Reagan, of Texas, promises to become a valuable member of the senate in the way of recalling that body to the constitutional principles which it is drifting away from. He will oppose the Blair bill vigorously on the ground that the constitution gives congress no power to interfere in the school systems of the different states or to levy taxes to support state educational institutions.

Nothing could have been further removed from the intentions of the framers of the constitution than to endow congress with any such responsibilities. An extension of such interferences would hopelessly confuse our system of dual governments. To assert that the Blair bill may properly be regarded as coming within the scope "of the general welfare" clause of the constitution, is to render meaningless many of the provisions of that instrument.—New York World

No Tariff There.

The telegraph reports that 2,000 Belgian miners have been sent for, and are coming to Pennsylvania to break up the strike of the Lehigh Valley coal miners. A prohibitory tariff that should prevent these Belgians coming in would be a very handy thing for the miners. But this is exactly the kind of tariff that these men who profess to make high tariffs in the interest of the workingman do not allow. If we remember aright, the coal operatives of Pennsylvania are among the most poorly paid workmen, in view of the very hard labor they perform, in the land.—Boston Herald.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

A QUEER COLT.

It Bears the Marks of the Elephant That Frightened Its Mother at Fort Wayne.

The South Whitley *News* relates the following: "Joseph O. Lancaster, living northwest of Arcola, in Allen county, has a colt eight months old that is a most singular phenomenon of nature. When foaled the only peculiarity about it was that it had very little hair on it, and its upper lip seemed longer than usual for colts, and was of a very singular shape; otherwise it was a well formed colt. The hair, what there was of it, was of a mouse color. When about a month old the colt's upper lip had grown longer and assumed a conical form. Its upper lip has continued to grow until it is now eight and a half inches long; and almost exactly like an elephant's trunk. It can pick up small potatoes with its trunk (if we may call it such), but cannot bend it sufficient to put the apple or potato in its mouth. The mother of the colt was at Fort Wayne about eight months before the colt was born, when Sells' managerie was there, and got terribly frightened at one of the elephants. Mr. Lancaster has written P. T. Barnum to buy the animal."

Shaving in China.

Everything is reversed in China, you know. Men don't go to a barber-shop to get shaved, the barber-shop comes to them. That is, the man of the razor carries his kit around hunting customers. No sitting in a crowded shop waiting for the cry of "Next." You have only to sit down on the curbstone when you want a shave and a barber comes along and attends to you immediately. He never talks to you, but you can talk him blind if you want to.—*Texas Siftings.*

DIVINES DISAGREE.

A Discussion Not Decided by Prayer—Intolerance of Opinion.

The following is an extract from a late New York Tribune editorial: "There is, perhaps, no mental vice so common as intolerance of opinion. Even such as think they have emancipated themselves from the clinging defect find it hard to acknowledge frankly to themselves that the opinion of some one else upon a matter they have studied may very well be as deserving of respect as their own. If we could all get rid of this 'last infirmity,' not only of 'noble minds,' but of nearly all human minds, how much less friction there would be in life, how much less bitterness and heart burning and envy and all uncharitableness."

In an adjoining column of the same paper was found the following peculiar commentary on the editorial:

"The bitterness of the controversy in the American Board over the question of probation after death was very great. This rather shocked the simple-minded and earnest foreign missionaries who attended the sessions of the Board, one of whom said he had always thought such questions were decided by prayer. But if the debate was not altogether Christian in spirit, it was strictly parliamentary. The brethern didn't forget to put a copy of Cushing's Manuel in their valise along with their Bible, and apparently some of them consulted it oftener than the Bible."

Is it a fact that there is but little toleration in this country, and less than in others?

"Comparisons are odorous," said Mrs. Malapop. Perhaps we have been claiming to much for this free nation.

We must admit that in the professions there is yet much of the old time prejudice against new ideas. Preachers preach the old doctrines and doctors prescribe the old medicine. Bitter controversies arise when anything new is proposed.

But the march of progress is not stayed. Men are travelling heavenward under new creeds and being cured by new medicines.

Much the same state of facts seems to exist in other countries.

When Dr. Robson, a leading physician of London, formerly of the Royal Navy, proclaimed that Warner's safe cure was a specific in kidney derangements, the hide-bound school to which he belonged threatened to debar him from practice, if he did not recant. But he replied that his statement was based on such evidence that he could not recant.

Since then, Dr. Wilson, F. R. S. E. editor of "Health," a recognized English authority, announces in his magazine that "Warner's safe cure is of a perfectly safe character and perfectly reliable." Many English physicians are now prescribing it.

The "schools" in this country still bar all proprietary medicines. But Dr. Gunn, Dean of a New York Medical College long since published: "Warner's safe cure is a very valuable remedy;" and says he knows that many physicians prescribe it, though not be name.

Good things in creed or practice are not to be cried down by the old fogies simply because they are new. The spirit of toleration thrives on opposition.

I give honor to whom it is due. Dr. David Kennedy's favorite remedy cured me of Bright's disease and Gravel. Four of the best physicians had failed to relieve me. I have recommended it to scores of people with like success, and know it will cure all who try it.—Mrs. E. P. Misner, Burg Hill, O. Send 2c. stamp to Dr. Kennedy, Rondout, N. Y., for book how to cure Kidney, Liver and Blood Disorders. Mention this paper.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. The State Central Committee's Plan.

Representatives of the seventy-two county democratic central committees met with Chairman Rice, of the state central committee, Wednesday afternoon, at Indianapolis, to to hear his plan for the reorganization of the state democracy. It anticipates the merging of all organizations in the Hendricks league, with subordinate organizations throughout the state. The plan was discussed at length. The advantage pointed was that campaign literature could through such an organization be quickly and easily distributed to all the voters. The county representatives intrusted the promulgation of the plan to the state central committee.
